#### **MFDR Date Received**

OCTOBER 19, 2006

### **REQUESTOR'S POSITION SUMMARY**

**Requestor's Position Summary:** "It is the hospital's position that the hospitalization and surgery were an emergency as defined pursuant to the Acute Care Hospital Fee guideline. This is supported by the fact that the hospital's UB92 is coded with a principal diagnosis of 903.2 which reimbursement is the hospital's fair and reasonable and usual and customary charges of \$20,525.50. The carrier has not addressed the issue that the hospital's billing was coded as 'trauma admit' pursuant to the Acute Care Hospital Fee guideline. It is the hospital's position that the patient required unusually extensive medical treatment to resolve his complicated medical condition. Because there is no certainty or predictability as to what a patient's needs will be in any given trauma admit, the cost of providing necessary care and treatment cannot be predicted with any degree of certainty. Memorial Hermann Hospital is one of only two Level 1 trauma facilities in the Houston, Harris County area and well-known and held with high regard for its critical care treatment."

**Amount in Dispute:** \$19,291.50

### **RESPONDENT'S POSITION SUMMARY**

**Respondent's Position Summary:** "...The claimant was admitted to the requestor's facility with a trauma diagnosis of 903.2. The claimant was in the hospital 26 hours... The requestor billed \$20,525.50, which Texas Mutual paid \$1,234.00. The fee guideline amount is whatever is determined to be fair and reasonable. The requestor argues it was under paid by \$19,291.50, that 100% of the billed charges is fair and reasonable. Texas Mutual believes that a payment amount of 121% of Medicare is fair and reasonable... Medicare's PRICE 06 indicates that for the DRG identified by the requestor on its UB-92, the Medicare payment is \$8,280.60... 121% if \$8,250.60 is \$10,019.26. Texas Mutual paid \$1,234.00, which is \$8,785.26 less than the recommended amount. Texas Mutual will supplement its original payment with this amount. The requestor, on the other hand, has not shown why 100% payment of its billed charges is either fair or reasonable."

**Response Submitted by:** Texas Mutual Insurance Co., 6210 E. Hwy. 290, Austin, TX 78723

### **SUMMARY OF FINDINGS**

| Date(s) of Service                          | Disputed Services  | Amount In Dispute | Amount Due |
|---|--------------------|-------------------|------------|
| November 21, 2005 through November 22, 2005 | Inpatient Services | \$19,291.50       | \$0.00     |

## ***FINDINGS AND DECISION***

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

### **Background**

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401 sets out the fee guideline for acute care inpatient hospital services.
3. 28 Texas Administrative Code §134.1 provides for fair and reasonable reimbursement of health care in the absence of an applicable fee guideline.
4. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:
  - CAC-W1 – Workers Compensation State Fee Schedule adjustment.
  - CAC-18 – Duplicate claim/service.
  - 878 – Duplicate appeal. Request Medical Dispute Resolution through DWC for continued disagreement of original appeal decision.
  - 920 – Reimbursement is being allowed based upon a dispute.
  - CAC-W10-No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology.
  - CAC-97-Payment is included in the allowance for another service/procedure.
  - 217-The value of this procedure is included in the value of another procedure performed on this date.
  - 426-Reimbursed to fair and reasonable.

### **Findings**

1. This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of former 28 Texas Administrative Code §134.401(c)(5)(A), which requires that when "Trauma (ICD-9 codes 800.0-959.50)" diagnosis codes are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate. Review of box 67 on the hospital bill finds that the principle diagnosis code is listed as 903.2. The Division therefore determines that this inpatient admission shall be reimbursed at a fair and reasonable rate pursuant to Division rule at 28 Texas Administrative Code §134.1 and Texas Labor Code §413.011(d).
2. Texas Administrative Code §134.1, effective May 16, 2002, 31 *Texas Register* 4047, requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(d) which states that "Fair and reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available."
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. 28 Texas Administrative Code §133.307(c)(2)(G), effective January 1, 2003, 27 *Texas Register* 12282, applicable to requests filed on or after May 25, 2008, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable." Review of the submitted documentation finds that:
  - The requestor seeks full reimbursement of billed charges based upon "It is the hospital's position that the hospitalization and surgery were an emergency as defined pursuant to the Acute Care Hospital Fee guideline. This is supported by the fact that the hospital's UB92 is coded with a principal diagnosis of 903.2 which reimbursement is the hospital's fair and reasonable and usual and customary charges of \$20,525.50. The carrier has not addressed the issue that the hospital's billing was coded as 'trauma admit' pursuant to the Acute Care Hospital Fee guideline."
  - The requestor did not provide documentation to demonstrate how it determined that full reimbursement of

billed charges was fair and reasonable.

- Documentation of the amount of reimbursement received for these same or similar services was not presented for review.
- The requestor did not provide documentation to demonstrate how it determined its usual and customary charges for the disputed services.
- The Division has previously found that “hospital charges are not a valid indicator of a hospital’s costs of providing services nor of what is being paid by other payors,” as stated in the adoption preamble to the Division’s former *Acute Care Inpatient Hospital Fee Guideline*, 22 *Texas Register* 6276. It further states that “Alternative methods of reimbursement were considered... and rejected because they use hospital charges as their basis and allow the hospitals to affect their reimbursement by inflating their charges...” 22 *Texas Register* 6268-6269. Therefore, the use of a hospital’s “usual and customary” charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.
- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
- The requestor did not support that payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

### **Conclusion**

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

### **ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.

### **YOUR RIGHT TO APPEAL**

Either party to this medical fee dispute may appeal this decision by requesting a contested case hearing. A completed **Request for a Medical Contested Case Hearing** (form **DWC045A**) must be received by the DWC Chief Clerk of Proceedings within **twenty** days of your receipt of this decision. A request for hearing should be sent to: Chief Clerk of Proceedings, Texas Department of Insurance, Division of Workers Compensation, P.O. Box 17787, Austin, Texas, 78744. The party seeking review of the MDR decision shall deliver a copy of the request for a hearing to all other parties involved in the dispute at the same time the request is filed with the Division. **Please include a copy of the *Medical Fee Dispute Resolution Findings and Decision* together with any other required information specified in 28 Texas Administrative Code §148.3(c), including a *certificate of service* demonstrating that the request has been sent to the other party.**
